CTL

Car Technical Log

Test Checklist

iOS & Android — All Screens

PLATFORM	TEST TYPE	TOTAL SCREENS	BUILD
iOS & Android	Manual Regression	18 screens	TestFlight / Beta

Tester: _____ Date: _____ Result: PASS / FAIL

HOW TO USE THIS DOCUMENT

- Work through each screen in the numbered order shown.
- Tick every checkbox once you have verified the item on your device.
- Capture a screenshot on the device and attach it next to each screen section.
- Circle any failures and note the platform (iOS / Android) and OS version.
- Complete one full pass on iOS, then repeat on Android.

01 Login Screen

Entry point — users authenticate or navigate to Sign Up / Forgot Password

VISUAL

- [ ] CTL logo and "Car Technical Log" tagline visible in hero area
- [ ] Geometric blue panel renders in top-right corner
- [ ] Light / dark mode matches device system setting
- [ ] "Sign in" heading and subtitle visible

INPUTS

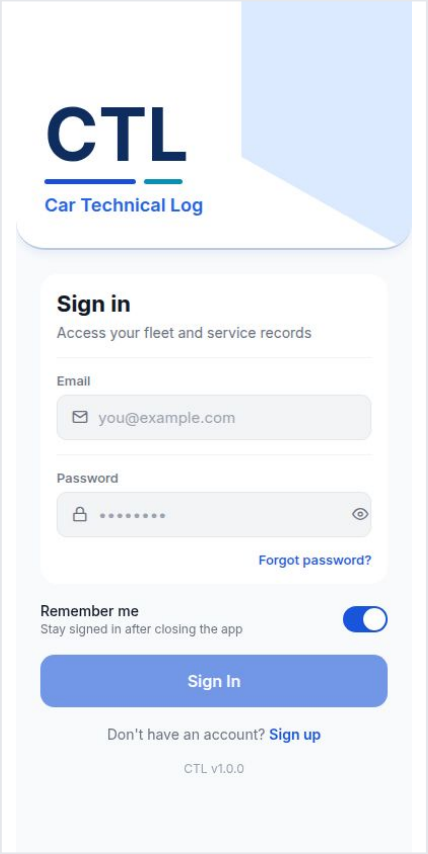

- [ ] Email field accepts keyboard input — email keyboard type shown
- [ ] Password field shows dots (masked)
- [ ] Eye icon toggles password visibility
- [ ] "Remember Me" toggle is present and togglable

ACTIONS

- [ ] "Sign In" button disabled when fields are empty
- [ ] "Sign In" button active when both fields are filled
- [ ] Tapping "Sign In" with wrong credentials shows error message
- [ ] Tapping "Sign In" with correct credentials navigates to Home
- [ ] "Forgot password?" link navigates to Reset Password screen
- [ ] "Create account" link navigates to Sign Up screen

PLATFORM

- [ ] [iOS] Return key on email field moves focus to password field
- [ ] [iOS] Return key on password field triggers login
- [ ] [Android] Back button exits the app (does not crash)

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

02 Sign Up Screen

New account creation with name, email, password and confirmation

VISUAL

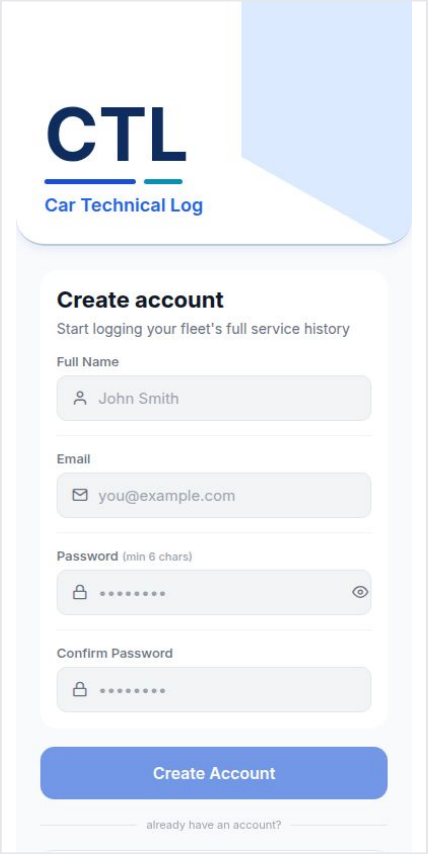

- [ ] Same brand hero as login — CTL logo present
- [ ] "Create account" heading visible
- [ ] All 4 fields visible: Full Name, Email, Password, Confirm Password

VALIDATION

- [ ] "Create Account" button is disabled until all fields are valid
- [ ] Name must be at least 2 characters
- [ ] Email must contain "@"
- [ ] Password must be at least 6 characters
- [ ] Confirm Password must match Password — mismatch shows error

ACTIONS

- [ ] Successful registration navigates directly to Home
- [ ] Duplicate email shows a clear error message
- [ ] "already have an account?" link goes back to Login

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

03 Forgot Password / Reset

Email-based password reset link flow

VISUAL

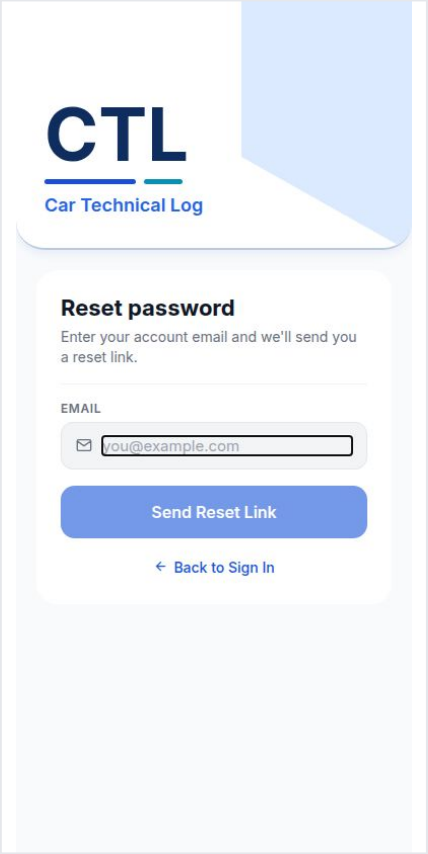

- [ ] "Reset password" heading and instructions visible
- [ ] Email field is focused / ready for input

ACTIONS

- [ ] "Send Reset Link" button sends email and shows confirmation message
- [ ] Invalid / unknown email shows appropriate error
- [ ] "Back to Sign In" link returns to Login screen

PLATFORM

- [ ] [iOS] Check that reset email arrives in inbox
- [ ] [Android] Same check — also verify deep link in email opens app

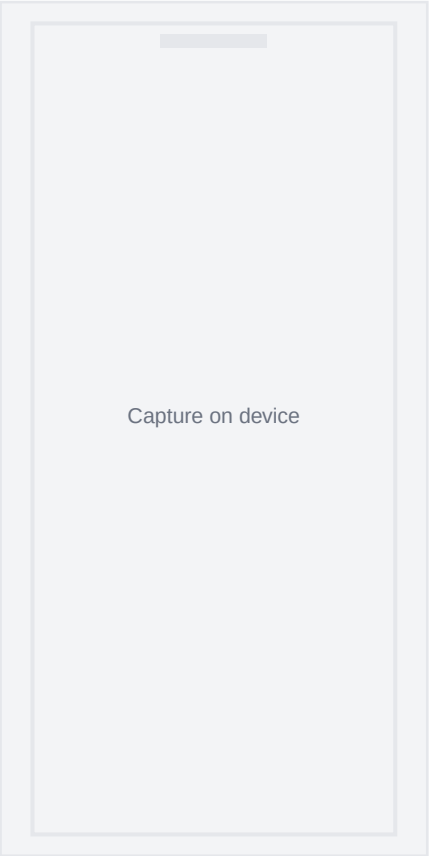

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

04 Home Dashboard

Central hub — fleet summary, quick actions, and upcoming events

VISUAL

- [ ] Today's date shown in header (day, month, day-of-month)
- [ ] "Hello, [First Name]!" greeting personalised to logged-in user
- [ ] "CTL — Car Technical Log" subheading visible
- [ ] My Fleet tile shows correct car count or "No cars registered yet"
- [ ] "Log Event" tile has red border
- [ ] "Generate Report" tile visible
- [ ] Upcoming events section shows items or empty state

FLEET TILE

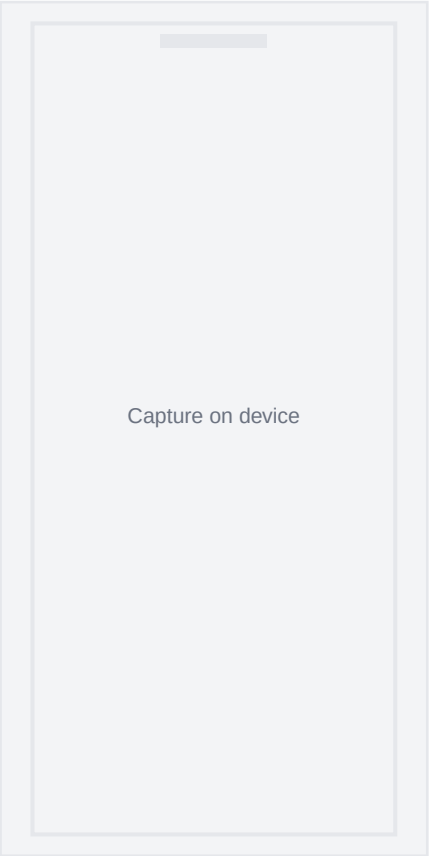

- [ ] Horizontal scroll of car chips — each shows photo/placeholder, name, model
- [ ] Pagination dots appear for 2+ cars
- [ ] "Add Car" chip in tile header is tappable
- [ ] Tapping fleet tile body navigates to Fleet screen
- [ ] Tapping a car chip navigates to that car's detail screen

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

05 Fleet Screen

Full list of registered vehicles with add / delete controls

VISUAL

- [ ] List shows all registered cars as cards
- [ ] Each card: make, model, year, nickname (if set), mileage, colour badge, plate
- [ ] Photo thumbnail shown if a photo was added
- [ ] Empty state shown when no cars registered

ADD CAR

- [ ] "+" button in header navigates to Add Car screen
- [ ] At 2-car limit (free tier) — tapping "+" opens Fleet upgrade paywall
- [ ] [Fleet subscriber] "+" always opens Add Car screen

SWIPE TO DELETE

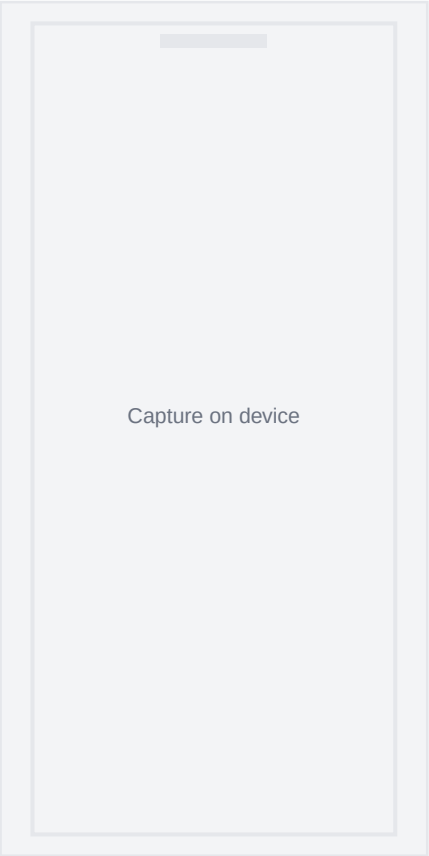

- [ ] Swipe left on a car row reveals red "Delete" action
- [ ] Tapping Delete shows a confirmation modal
- [ ] Confirming removes the car and updates the list
- [ ] Cancelling leaves the car in place

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

06 Add Car Screen

Form to register a new vehicle with full details and photo

BASIC INFO

- [ ] Make picker shows full manufacturer list — searchable/scrollable
- [ ] Model picker populates based on selected make
- [ ] Year picker spans 1980 to current year
- [ ] Nickname field (optional) accepts free text
- [ ] Colour field (optional)
- [ ] Mileage field accepts numbers only — unit label (km/mi) matches setting

DOCUMENTS & INSURANCE

- [ ] License plate field
- [ ] License valid until — date picker opens correctly
- [ ] VIN field
- [ ] Insured with — insurer name
- [ ] Insured until — date picker
- [ ] "Electric vehicle" toggle

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

07 Car Detail Screen

Full record for a single vehicle — stats, events, quick log

Capture on device

HEADER

- [ ] Car photo carousel (if photos uploaded)
- [ ] Make, model, year, nickname displayed
- [ ] Mileage, colour, plate, VIN shown in stat strip
- [ ] Insurance expiry date shown
- [ ] "Edit" button navigates to Edit Car screen

EVENT FEED

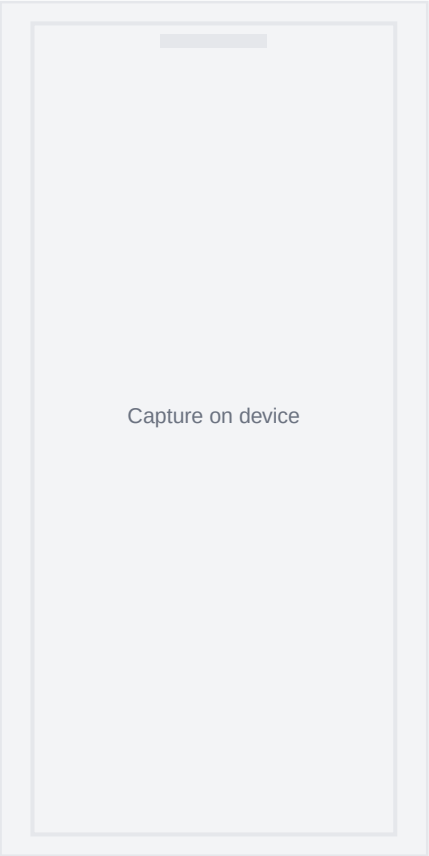

- [ ] Chronological list of all logged events for this car
- [ ] Event types shown with correct icons: fault, maintenance, inspection, renewal
- [ ] Date and brief description on each item
- [ ] Tapping an event opens its detail / edit view
- [ ] Empty state when no events logged yet

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

08 Log Event — Type Selector

Pick the type of event to log: Fault, Maintenance, Inspection, Renewal

VISUAL

- [ ] 4 event type tiles shown: Fault/Breakdown, Repair/Inspection, License/Insurance Renewal, Maintenance
- [ ] Each tile has icon, title and description
- [ ] "Coming Soon" badge on any unimplemented types

NAVIGATION

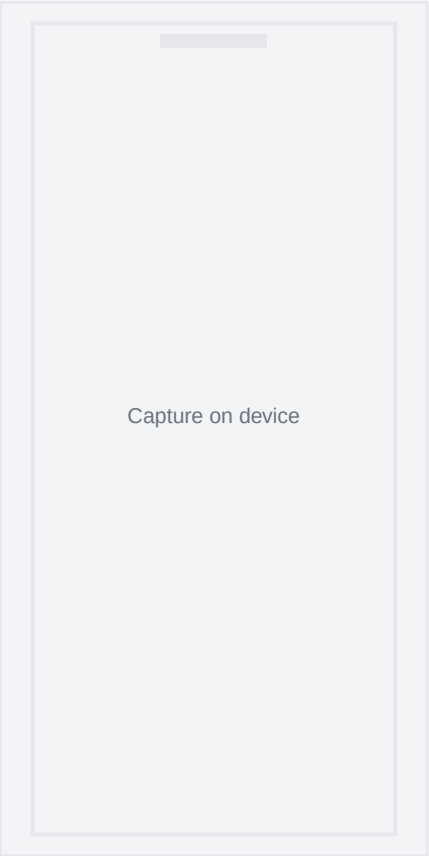

- [ ] Tapping each type navigates to the appropriate car-selection or form screen
- [ ] Back button / swipe returns to previous screen

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

09 Log Fault (Malfunction)

Record a breakdown or fault with dashboard light icons

CAR SELECTION

- [ ] Car selector lists all registered vehicles
- [ ] Correct car pre-selected if coming from Car Detail

FAULT FORM

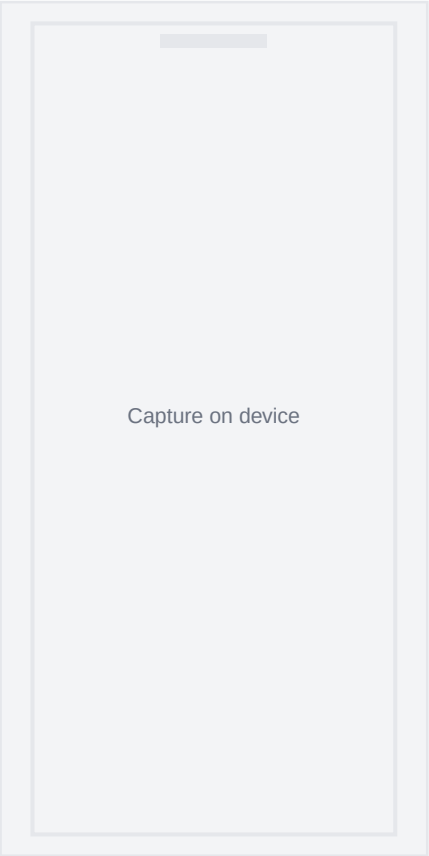

- [ ] Dashboard warning light icon grid — tapping selects the relevant icon
- [ ] Description / notes field
- [ ] Date and mileage fields
- [ ] "Log Fault" button saves and returns to Car Detail

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

10 Log Maintenance / Repair

Record a service, repair or scheduled maintenance event

FORM FIELDS

- [ ] Car selector
- [ ] Service type picker
- [ ] Date of service — date picker
- [ ] Service provider / garage name
- [ ] Cost — numeric, currency symbol matches setting
- [ ] Mileage at service
- [ ] Description / notes
- [ ] Next due date (for scheduled services)
- [ ] Next due mileage
- [ ] "Parts replaced" entry (optional)

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

11 Log Inspection / Renewal

Record a roadworthy inspection or license/insurance renewal

Capture on device

INSPECTION FIELDS

- [ ] Inspection type (e.g. annual roadworthy, emissions)
- [ ] Date and result (pass/fail)
- [ ] Next inspection date
- [ ] Station / provider
- [ ] Cost
- [ ] Notes

RENEWAL FIELDS

- [ ] Type: License or Insurance
- [ ] Provider name
- [ ] New expiry date
- [ ] Premium / cost

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

12 Reports Screen

Generate and export a vehicle health report as PDF

Capture on device

VISUAL

- [ ] Car selector shown at top
- [ ] Report preview renders with car details, maintenance history, costs
- [ ] Date range selector (optional)

EXPORT

- [ ] "Generate PDF" button produces a PDF and triggers share sheet
- [ ] [iOS] Share sheet offers AirDrop, Files, Mail etc.
- [ ] [Android] Share sheet offers Drive, Email etc.
- [ ] PDF opens correctly in a PDF viewer

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

13 Tools Screen

Hub for all utility tools — some require Fleet subscription

Capture on device

TILES

- [ ] "Service Centers Nearby" tile — always unlocked
- [ ] "Fuel Consumption" tile — Fleet badge shown for free users, unlocked for Fleet
- [ ] "Service Cost Tracker" tile — same Fleet gating
- [ ] "Data Backup & Export" tile — same Fleet gating
- [ ] "Suggest a Tool" card at bottom

FLEET GATING

- [ ] Tapping a locked tile navigates to Fleet Upgrade paywall
- [ ] Tapping an unlocked tile navigates to that tool

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

14 Nearby Service Centers

Location-based map/list of garages and repair shops

Capture on device

PERMISSIONS

- [ ] App requests location permission on first visit
- [ ] Declining shows appropriate message / empty state

RESULTS

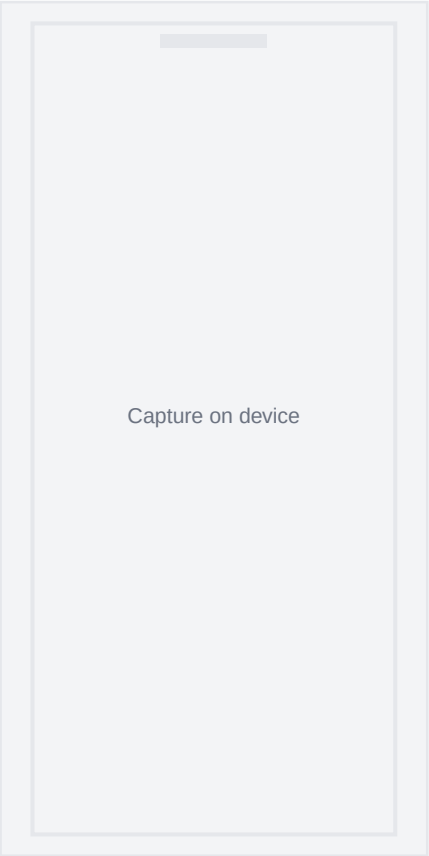

- [ ] List of service centres with name, type, distance
- [ ] Each entry shows address, phone (if available), website (if available)
- [ ] "Get Directions" opens Maps app with correct address
- [ ] [iOS] Opens Apple Maps
- [ ] [Android] Opens Google Maps
- [ ] Pull-to-refresh re-fetches results
- [ ] Empty state shown if no results in area (with explanation)

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

15 Fuel Consumption (Fleet)

Track fuel fill-ups and view efficiency analytics — Fleet only

LOG ENTRY

- [ ] Car selector
- [ ] Date picker
- [ ] Litres / gallons filled
- [ ] Cost per litre / gallon
- [ ] Odometer reading
- [ ] "Full tank" toggle
- [ ] Save navigates back to fuel list

ANALYTICS

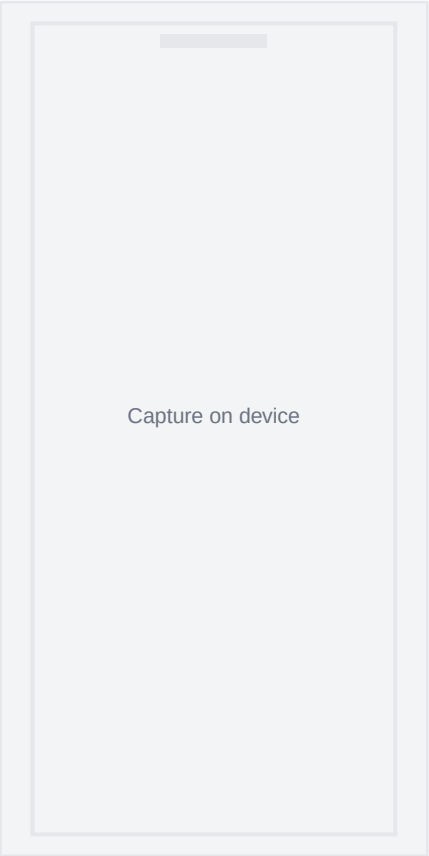

- [ ] Efficiency chart renders (L/100km or MPG based on unit setting)
- [ ] Cost-per-km trend visible
- [ ] Historical entries listed below chart

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

16 Service Cost Tracker (Fleet)

Spending analytics across all vehicles — Fleet only

VISUAL

- [ ] Total spend figure visible
- [ ] Breakdown chart by category (maintenance, fuel, insurance, inspections)
- [ ] Per-car breakdown if multiple vehicles registered
- [ ] Currency symbol matches user's setting

FILTERS

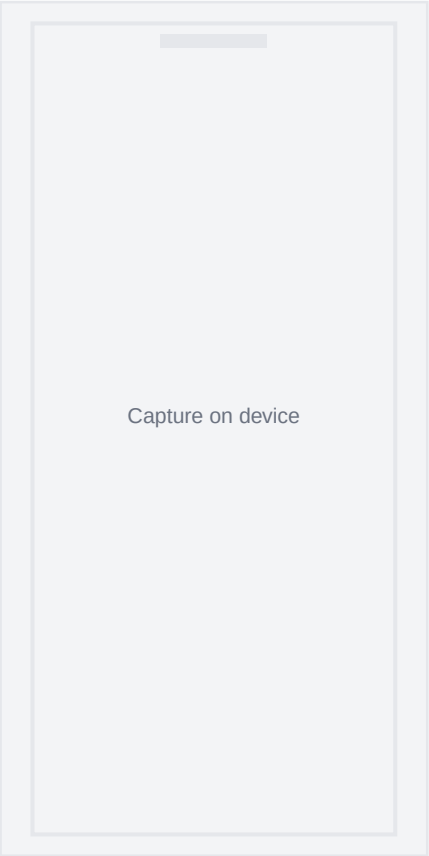

- [ ] Date range filter (this year / all time)
- [ ] Car filter (all cars / individual car)

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

17 Data Backup & Export (Fleet)

Export all records as multi-sheet Excel workbook or PDF — Fleet only

EXPORT OPTIONS

- [ ] "Export as Excel (.xlsx)" button visible
- [ ] "Export as PDF" button visible

EXCEL EXPORT

- [ ] Tapping Excel triggers share sheet
- [ ] File opens correctly in Numbers (iOS) or Google Sheets (Android)
- [ ] Workbook contains separate sheets: Summary, Maintenance, Fuel, Inspections, Faults, Renewals
- [ ] Amber header row on each sheet
- [ ] Summary sheet shows row counts per section

PDF EXPORT

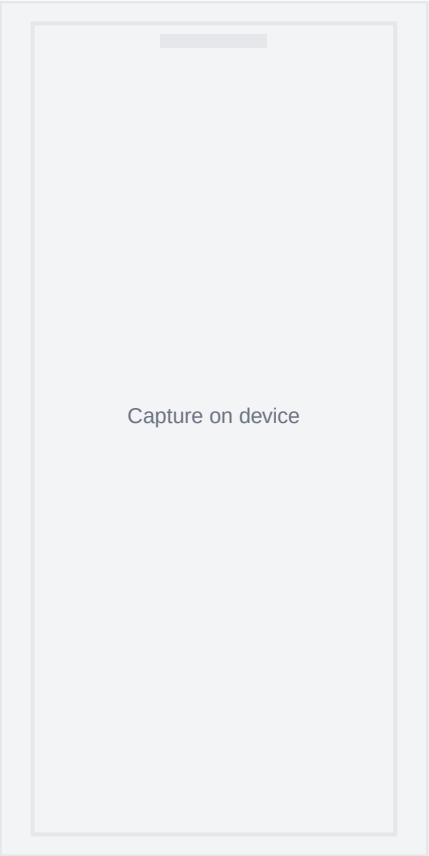

- [ ] Tapping PDF triggers share sheet or save dialog
- [ ] PDF opens and is readable

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

18 Fleet Upgrade (Paywall)

Subscription selection screen — Monthly, Annual, Lifetime

VISUAL

- [ ] Free tier features listed at top
- [ ] Fleet features list with checkmarks: unlimited vehicles, fuel analytics, cost tracker, export, all future tools, priority reminders
- [ ] Three pricing cards: Monthly, Annual, Lifetime
- [ ] Lifetime card pre-selected and marked "Best Value"
- [ ] Prices populated from RevenueCat live offerings
- [ ] "Annual · save 30%" label on annual card

PURCHASE FLOW

- [ ] Tapping a pricing card selects it
- [ ] "Get CTL Fleet" button triggers native purchase sheet
- [ ] [iOS] Apple payment sheet appears with Face ID confirmation
- [ ] [Android] Google Play billing sheet appears
- [ ] Successful purchase unlocks Fleet features immediately
- [ ] Cancel during purchase returns to paywall without error

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

19 Settings Screen

Account, preferences, notifications, about, sign out

Capture on device

PROFILE CARD

- [ ] User initials avatar shown
- [ ] Full name and email visible
- [ ] Car count bubble correct

ACCOUNT SECTION

- [ ] "Edit Profile" navigates to Edit Profile screen
- [ ] "Country" shows current country flag + name; tap opens picker
- [ ] CTL Fleet upgrade card visible with feature list

PREFERENCES

- [ ] Theme — Light / Dark / System segmented control; selecting changes theme immediately
- [ ] Distance Unit — km / mi; selecting updates throughout the app
- [ ] Currency — shows current currency; tap opens picker

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

20 Edit Profile

Update display name and email address

Capture on device

FIELDS

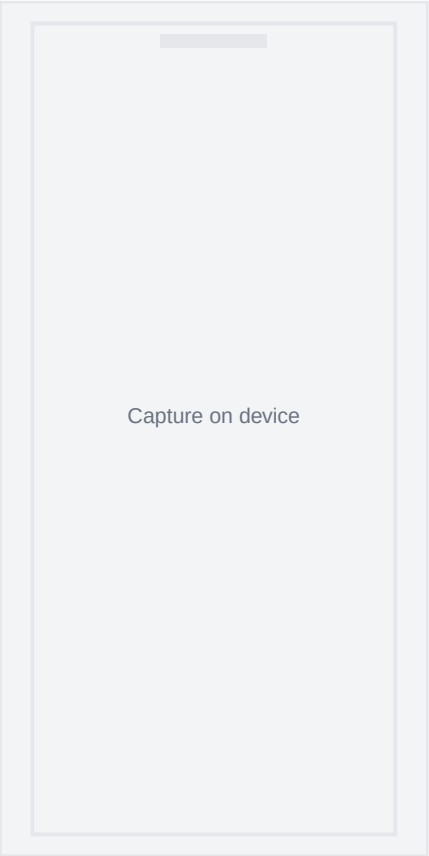

- [ ] Full Name field pre-populated with current name
- [ ] Email field pre-populated with current email
- [ ] "Save Changes" button saves and shows success confirmation
- [ ] Changing email requires re-authentication on next login

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL

21 Send Feedback

In-app feedback submission form

FORM

- [ ] Feedback text area accepts multi-line input
- [ ] Submit button sends feedback and shows "Thank you" confirmation
- [ ] Empty / very short submissions are rejected with validation message

NOTES / FAILURES

Platform: iOS / Android OS Version: _____ Result: PASS / FAIL
